

Doc	Type	Announcement
	No	2020/26
	Subject	Postponement of "BISTECH System 2.11 Version Transition" and "Removal of Two Zeros from BIST Stock Indices"
	Apr. Date	02 / 04 /2020
	From	IT Directorates, Market Directorates
	To	Members, Data Vendors and Independent Software Vendors

To Whom It May Concern,

- Ref: a) Announcement dated 28/01/2020 and numbered 2020/8.
b) Announcement dated 19/02/2020 and numbered 2020/12.
c) Announcement dated 27/02/2020 and numbered 2020/13.
d) Announcement dated 04/03/2020 and numbered 2020/17.

Previously it was announced that 2.11 version of the BISTECH System would go live as of April 13, 2020 and two zeros would be removed from TL Based BIST Stock Indices including BIST30 and BIST100 on April 27, 2020.

Due to the current extraordinary conditions, participation in the tests for these projects have been well below desired levels. Taking into consideration all the requests from our members, data vendors, independent software companies and institutional investors, it has been decided to postpone the "BISTECH System 2.11 Version Transition" and "Two Zero Disposal from BIST Stock Indices" projects.

The go live dates of BISTECH System 2.11 Version Transition and Removal of Two Zeros from BIST Stock Indices are now planned as July 6, 2020 and July 27, 2020 respectively.

Information regarding the new calendar for testing and availability of test environments will be provided in due course.

Regards,

Mehmet Hakan ATILLA
CEO
Member and Acting Chairperson
