Subject : Announcement Regarding Submission of Transaction Cancellation Requests via ELTAS

To Whom It May Concern

The cancellation of transactions in the Precious Metals Market by the Stock Exchange is carried out within the framework of Article 33 of the Borsa İstanbul A.Ş. Regulation on the Principles Relating to Exchange Activities published in the Official Gazette dated 19.10.2014 and numbered 29150, and the parties must apply to the Stock Exchange for transaction cancellation requests.

In this context, in order for the transaction cancellation processes to be carried out smoothly and on time, the parties to the transaction must send their cancellation requests via the KASA application Electronic Instruction System (ELTAS) as of 29.08.2025.

The user guide regarding the submission of transaction cancellation requests via ELTAS is available on the corporate website of our Exchange (<https://www.borsaistanbul.com/files/eltas-kullanici-kilavuzu.pdf>), and in case of any hesitation regarding the application, Borsa İstanbul Precious Metals and Diamond Market Directorate can be contacted.

I kindly request that the necessary action be taken in light of this information.

Korkmaz ERGUN
CEO and Board Member
