Subject : Go-Live of the Renewed Connect Application

To Whom It May Concern,

Reference: Announcement dated 30/04/2025 and numbered 2025/35493

In the announcement referenced above, it was stated that the renewal of the current corporate member platform, “Connect” provided by Borsa İstanbul is planned, and that tests for the new application will be carried out with the participation of institutions currently using the platform. It was also mentioned that the go-live date for the production environment will be announced separately.

The renewed corporate member platform, the Connect application, provided by Borsa İstanbul, will go live in the production environment on June 16, 2025.

The renewed Connect application will be accessible at <https://connect.borsaistanbul.com>. Users currently defined as Connect users will be able to log in using their existing usernames and passwords. If a password has been forgotten, a new one can be set using the “Forgot Password” option on the login page.

Verda Rest API users will be able to access the Verda Rest API via the following link: <https://verda.borsaistanbul.com/> using their currently defined usernames and passwords. In case of a forgotten password, after logging into the Connect application, a new password can be set for the existing Verda Rest API user through the "User Management / Verda Users" page.

The current system will remain in use in the test environments, and the deployment dates for the test environment will be announced in a separate notice.

The "Connect Application User Guide" document, which explains the new screens of the Connect application, will be accessible via the following link: <https://borsaistanbul.com/tr/sayfa/580/connectverda>.
