Reference Number: 18454353-100.04.02- 36662

Subject: Postponement of the Go-Live for the Renewed  
Connect Application

To Whom It May Concern,

Reference a): Announcement No. 2025/36460 dated 04/06/2025

Reference b): Announcement No. 2025/35493 dated 30/04/2025

As stated in reference (a), the go-live date for the renewed Connect application, planned for June 16, 2025, has been postponed to July 7, 2025.

Testing for the new application, with the participation of all institutions currently using it, is planned to be repeated between June 18-25, 2025. The Connect test environment can be accessed via the following link: <https://connect-new-int3.borsaistanbul.com>, and test details have been communicated in reference (b).

Files containing member codes in the Verda environment (e.g., the order book, etc.) will be generated only based on the test orders and transactions executed after May 2, 2025 on the BISTECH Member Free Test Environment (pre\_prod test environment), accessible via the remote access network. Access to older files will not be available. Additionally, the Precious Metals Market Monthly Custody Reports can be queried retrospectively. To ensure accurate and complete access testing for all files, test transactions must be performed in a way that generates content in all files. The new Verda REST API will continue to use the same message structure as the old Verda REST API.

Users will be able to access the Verda Rest API via the following link: <https://verda-new-int3.borsaistanbul.com>, using their currently assigned username and password. In case the password is forgotten, a new password can be set for the existing Verda Rest API user after logging into the Connect application and navigating to the "User Management / Verda Users" page.

HİZMETE ÖZEL/RESTRICTED

All requests and findings regarding tests can be submitted via opening a ticket by sending an e-mail to “bistechsupport\_autoticket@borsaistanbul.com” with the subject "New Connect Test".

Kindly submitted for your information and necessary action.

Sincerely,

Korkmaz ERGUN  
CEO  
Board Member
