Subject : Announcement Regarding the Update of the LSEG Sustainability Methodology and the Implementation of the Transition Process

To Whom It May Concern

Periodic reviews to determine the stocks to be included in the BIST Sustainability Indices are aligned with the BIST Market Capitalization Weighted Stock Indices Methodology (Methodology).

The LSEG Sustainability Methodology, which is used to determine stocks included in BIST Sustainability Indices since July 1, 2021, has entered a revision process, as a result, sustainability scores calculated under both the current (old) and new methodology has begun to be published on the LSEG terminals.

As part of the transition process, effective for the period April 1, 2026 – June 30, 2026, it has been decided that stocks currently included in BIST Sustainability Index will remain within the index, and that stocks meeting the index criteria based on the old methodology will be included in the BIST Sustainability Index and selection pool of the BIST Sustainability 25 Index.

The announcement and its annexes are available on the “Index Announcements” section of Borsa İstanbul corporate website (www.borsaistanbul.com/en).

Kindly submitted to your information.
