Doc	Type	Announcement
	No	2016 /
	Subject	Meeting About Planned Updates in Financial Derivatives Market (VIOP) Operation Principals Related to BISTECH Migration
	Apr. Date /...../2016
	From	Financial Derivatives Market Department, Project Management Working Group
	To	VIOP Members, Service Providers and Data Dissemination Agencies

Dear Member,

It is planned to merge all markets of Borsa İstanbul as a single trading platform within the framework of strategic partnership agreement signed between Borsa İstanbul A.Ş. and NASDAQ on 20/01/2014.

As known, first phase of BISTECH migration program has been successfully completed in Equity Market on 30/11/2015. Related studies are continuing for the upgrade of Financial Derivatives Market to BISTECH Systems as the second phase of the migration program.

In this framework, we are planning to inform VIOP members, service providers and data dissemination agencies about changes in market operation rules, including clearing and risk management in BISTECH migration preparatory studies, technological differences and migration calendar. Meeting, aiming at Market and Clearing operations managers, related IT staff and performers will be held on **24/08/2016** at **Borsa İstanbul A.Ş. Conference Hall** at **13:30-18:00 p.m.** Related details to the meeting program are below.

For registration, an e-mail including name, surname and the institution in the mail text should be sent to miy@borsaistanbul.com with “Konf-2408” reference code in the subject line. Participants preferring to transmit their questions before the meeting may add their questions within this mail.

Program Details:

13:30 – 13:45	BISTECH Phase II – VIOP Project Calendar
13:45 – 15:30	Phase II – VIOP Trading System and Pre-Trade Risk Management
15:45 – 17:30	Phase II – VIOP Clearing and Post-Trade Risk Management
17:30 – 18:00	Question-Answer

Date 24/08/2016

Location Borsa İstanbul A. Ş. Conference Hall
Reşitpaşa Mahallesi Tuncay Artun Caddesi Emirgan 34467 İstanbul

Respectfully submitted for your participation to the meeting.

Ufuk ÖZDEMİR
Acting Chief Information Officer
