Document	Type	Announcement
	No	2016/90
	Subject	Change of Calendar Regarding Derivatives Market's (VIOP) Go-Live Rehearsals on BISTECH System
	Apr. Date	11/14/2016
	From	Project Management Business Group, Financial Derivatives Market Department, Equity Market Department
	To	Members, Data Vendors and Independent Software Vendors

To Whom It May Concern,

Reference: a) Announcement dated 09/29/2016 and no 2016/78
                    b) Announcement dated 10/05/2016 and no 2016/79

With our Announcement referenced in Ref. a, the information on the go-live rehearsals to be performed with the participation of all the stakeholders in order to maintain that our members and the data vendors could test their preparations for the go-live of the Derivatives Market (VIOP) on the BISTECH system, was submitted and it was also stated that the rehearsals would begin on 10/08/2016. Subsequently; with our Announcement referenced in Ref. b, it was announced that the scenario and technical information documents, which featured the accessing information and the time planning regarding the rehearsals, were shared at http://www.borsaistanbul.com/en/bistechsupport/news-releases.

Presently, the 3rd Go-Live Rehearsal continues and the 4th Go-Live Rehearsal shall begin on 11/21/2016. For this rehearsal and the other rehearsals ahead; in order to maintain that the environment on which our members shall perform their go-live rehearsals contains the production data in effect and in order to ensure that the most production-live environment is provided; the last Friday evening production data shall be migrated to the rehearsal environment and the first business day in the environment will be Monday, just as it will be at the go-live. It is expected from our members and the data vendors to perform an accessibility test and to check their data; in addition to the participation in all the rehearsals.

All members and data vendors must participate in rehearsals on each and every day, which is designated as a rehearsal day, starting from the 4th Go-Live Rehearsal that begins on 11/21/2016. Moreover; since the rehearsals will begin on Mondays, all members and data vendors are expected to perform the test scenarios on Mondays too, just as they will perform the scenarios on the weekends. The latest versions of the scenario documents, which are affected from the rehearsal calendar change, will be available at http://www.borsaistanbul.com/en/bistechsupport/news-releases from 11/15/2016. Annexed is the revised rehearsal calendar, which will be effective from the issuing date of the Announcement. In case of any changes regarding the dates, a further announcement will be issued.

Kindly submitted to your information.

Yours Sincerely,

M. Ufuk ÖZDEMİR   Osman KÜÇÜKÇINAR
Acting Chief Information Officer   Executive Vice President
